1. What Economy of Efforts Is

In short,

the Act of Pursuit of the Best Cost Performance

→ Less Efforts, Better Result

1. What Economy of Efforts Is

More experienced programmers are said to be unhappy with redundant processes and try to make them as efficient as possible because of their **laziness**.

Likewise, linguistics execute the same mechanics to omit burdensome and time and energy consuming behaviours for better efficiency.

Economy of Efforts is the very good starting point where we will find the answer to most of WHYs in language learning.

The background features a large yellow arrow pointing upwards with the word 'MORE' in blue, and a large red arrow pointing downwards with the word 'LESS' in white. A small, white, 3D-style figure stands to the right of the arrows, appearing to be in a thinking pose with one hand on its chin.

2. Economy of Efforts in Grammar

English Idioms

- spend ~ (in) Ving... → to do something in exchange for time, money and so on
- take turns (in) Ving ... → to switch the person who does something

What enables the proposition *in* to be omitted in the examples above?

2. Economy of Efforts in Grammar

English Idioms

- in Ving... = when SV...
- Ving = when SV... (usage of TIME in a participial construction)

Both of the above mean `when SV...' and the latter is conciser, which makes *in* gone.

As a result, **the usage of TIME in a participial construction has become general.**

*e.g., I spent as many as half a day (in) cleaning up my dirty room yesterday. Whether or not the proposition *in* is present, the adverbial phrase can be interpreted as 'when I cleaned up my dirty room'.*

The background features a large yellow arrow pointing upwards and to the right with the word 'MORE' in blue capital letters. Below it is a large red arrow pointing downwards and to the right with the word 'LESS' in white capital letters. To the right of these arrows is a small, white, 3D-style figure of a person standing with one hand on their chin in a thinking pose.

3. Economy of Efforts in Pronunciation

3. Economy of Efforts in Pronunciation

English Irregular Pronunciation

Words and IPA Symbols	Phenomena	Principles
• lamb /lɑm/ • climb /klaɪm/ • tomb /tu:m/ • dumb /dʌm/	-	Both of /m/ and /b/ are bilabial, the only difference of which is that air comes through the nose in /m/ and the month in /b/ . The tiny but redundant repetitive effort is burdensome, which dropped /b/ . ✂ In Old English, /b/ was pronounced.
• cupboard /'kʌbəd/ • raspberry /'rɑ:zb(ə)ri/	assimilation	Both of /p/ and /b/ are bilabial plosive, the only difference of which is that /p/ is voiced and /b/ is voiceless. The tiny but redundant repetitive effort is burdensome. Finally, /p/ was assimilated into /b/ .
women /'wɪmɪn/	i-mutation	/i/ or /j/ following the stressed vowel or the syllable of double vowel causes the forward vowelisation. In concrete terms, the latter /ɪ/ sound influences /ʊ/ in the former position. As a result, /'wʊmɪn'/ has changed to /'wɪmɪn/ .

The background features a large yellow arrow pointing upwards and to the right with the word 'MORE' in blue capital letters. Below it is a large red arrow pointing downwards and to the left with the word 'LESS' in white capital letters. The background features a large, semi-transparent illustration. It includes a yellow arrow pointing upwards and to the right with the word 'MORE' in grey capital letters. Below it is a red arrow pointing downwards and to the right with the word 'LESS' in white capital letters. To the right of these arrows is a small, white, 3D-style figure of a person standing with one hand on their chin in a thinking pose.

5. Summary

5. Summary

Economy of Efforts plays the following 3 roles.

1. In grammar, the conciser form survives if the other also has the same meaning.
2. In pronunciation, the tiny but redundant repetitive efforts can cause drop of duplicate sounds, assimilation of similar sounds and i-mutation.
3. Words of long spellings or many syllables can be simplified, which can also coin slang, community terms, corporate terms and industrial terms.

The background features a large yellow arrow pointing up and to the right with the word 'MORE' in grey, and a large red arrow pointing down and to the left with the word 'LESS' in white. A small white 3D figure of a person stands at the bottom right, looking up at the arrows.
